TEXAS REPORTS ON BIOLOGY AND MEDICINE

INDEX FOR VOLUME 20, 1962

SUBJECT INDEX

Abstracts of papers, Texas Branch, American Society for Microbiology, Fall, 1961, 139
Abstracts of papers, Texas Branch, American Society for Microbiology, Spring, 1962, 506
Acne diathesis and Glucose, 161
Adventitious agents in monkey kidney cultures, 465
Adrenal medulla of the Syrian hamster, phase and electron microscopic observations on two cell types, 494
Alcohol as a discriminative stimulus, 61
Algal extracts, antibacterial and antiviral activities, 271
Alligator mississipiensis Daudin, interventricular septal defect in, 719
Antibacterial and antiviral activities of algal extracts, 271
Antibody levels of young children in relation to poliomyelitis, 550
Anticancer activity of plant extracts, 214
Antigen dissociation as a factor in the immunodiffusion analysis of hemocyanin, 683
Antiviral and antibacterial activities of algal extracts, 271
Ascites tumors in rats: cytological studies, 615
Axoplasm, occurrence of a precise order in, 503

Bacterial Endotoxins, 1
Bacteriological Approaches to Cancer Research, 532
Bat salivary gland virus: infections of man and monkey, 113
Book reviews, 147, 287, 512, 721
Brainstem tegmentum of the cat, effect of electrical stimulation, 79
Burn healing in rats maintained on diets containing different levels of pyridoxine, 562
Burns, acute, oliguria and edema in, 640
Burns, experimental in the laboratory rat, 20

Cancer: anticancer activity of plant extracts, 214
Cancer research, bacteriological approaches to, 532
Candida albicans, a slide culture technique for the identification of, 128
Chelidonium majus L, effect on mammary tumors in mice, 64
Chick embryos, effect of tritiated thymidine on development and hatching, 279
Cholesterol levels in patients with coronary artery disease, 599
Chromosome damage in murine and human cells following cytoxan, 545
Cold agglutinin disease, 236
Compound corpuscle or gitter cell, 338
Coronary artery disease, serum cholesterol levels in patients with, 599
Cytoxan therapy, chromosome damage in murine and human cells following, 545

Dermatitis outbreak due to the grain itch mite, *Pyemotes ventricosus* Newport, 221
Disposable plastics in quantitative mammalian cell culture, 686
Diuretic effects of polythiazide in edematous states, 665
DOCA hypertension and hypophysectomy, 180
Dystropic mice, the distribution of mast cells, 70

Edematous states, effects of polythiazide on, 665
Eletrical frequencies, effect on normal and malignant cells *in vitro*, 623

Electrical stimulation of the brainstem tegmentum of the cat, 79
Endotoxins, bacterial, 1
Endotrypanum schaudinni, cultivation and biology, 397
Enterovirus and reovirus growth and plague formation, 693

Fatty acids in the newborn in relation to the diet of pregnant guinea pigs, 671

Gey's strain HeLa, morphological diversity of, after ten years in tissue culture, 308
Glucose and the acne diathesis: an hypothesis and review of pertinent literature, 161
Gitter cell, 338

Hair and skin pigmentation in skin grafts in mice, 87
Healing, effect of irradiation, 39
HeLa strain, morphological diversity in tissue culture, 308
Hematologic anomalies, histochemical findings in, 295
Hemocyanin, immunodiffusion analysis of, in relation to antigen dissociation, 683
Homograft survival, 30
Hydroxyethylation of albumin obtained from normal rats and rats bearing the Walker tumor, 454
Hypertension, macromolecular, induced by methyl cellulose, 587
Hypertension and nephritis caused by methyl cellulose, 185
Hypnotic phenomena, relationship to conditioning, 53
Hypophysectomy and DOCA hypertension; A comparison between male and female rats, 180

Immunodiffusion analysis of hemocyanin in relation to antigen dissociation, 683
Interventricular septal defect in *Alligator mississipiensis* Daudin, 719
Intracranial pressure lowered by hypertonic urea, 176
Irradiation effect on healing of standardized wounds in the albino rat, 39
Isolation of bacterial mutants, 362

Kappa in *Paramecium aurelia*, electron microscopic observations of, 105
Kerosene poisoning, 47
Kidney, the functional morpholoy of, 425

Legg-Calvé-Perthes disease, 525
Luteotropic activity in mice bearing anterior pituitary transplants, 570
Luteotropin release during the estrous cycle of the mouse, 484
Lymphoma, malignant, 251

Macroglogulinemia Waldenström, 236
Macromolecular hypertension induced by methyl cellulose upon sodium chloride excess, 587
Malignant lymphoma, 251
Mammary tumors in mice, the effect of feeding *Chelidonium majus* L on the incidence of, 64
Mast cells in dystrophic mice, 70
Membrane filtration for isolation of bacterial mutants, 362
Methyl cellulose, induction of macromolecular hypertension, 587
Methyl cellulose, nephritis and hypertension caused by, 185
Microsomes, structural state and enzyme activity, 414
Mites, -grain itch, dermatitis outbreak due to, 221
Multiple paraproteinemia with cold agglutinin syndrome in malignant lymphoma, 251
Muscular dystrophy in chicken, 446
Muscular dystrophy mast cell distribution in mice, 70
Myeloma globulins, chemical characterization of, 476

Nematospiroides dubius in abnormal site and effects on serum proteins, 374
Nephritis and hypertension caused by methyl cellulose, 185

Oliguria and edema in acute experimental burns, 640
Outflow patterns of indicator dye continuously injected into tubes with laminar flow, 384
Oxytocin and vasopressin extraction by percolation, 680

Paramecium aurelia, electron microscopic observations of Kappa in, 105
Paraproteinemia (multiple) with cold agglutinin syndrome, 251
Pediatrics at the University of Texas Medical Branch 1944–1959, review of activities in the department of, 131
Perthes disease, 525
Pigmentation changes in skin grafts, 87
Pituitary grafts in diffusion chambers, 703
Pituitary transplants, anterior, luteotropic activity in mice bearing, 570
Plaque formation in enterovirus and reovirus growth, 693
Plant extracts and anticancer activity, 214
Poisoning by kerosene, 47
Poliomyelitis antibody levels of young children in Houston, 1961–1962, 550
Poly-L-Ornithine toxicity in microbial tissue culture systems, 93
Polythiazide in edematous states, 665
Proteolytic activity of human sera, 352
Psychological correlates of recovery from surgery, 366
Psychophysiological reactions to some properties of specific auditory stimuli, 555
Pyemotes ventricosus Newport, outbreak of dermatitis due to, 221
Pyridoxine in diets in relation to burn healing in rats, 562

Rats, surface area calculations, 12
Relay box, construction of a multipurpose and inexpensive, 284
Reovirus and enterovirus growth and plaque formation, 693

Salk vaccination and poliomyelitis antibody levels in Houston, 550
Serum cholesterol lowering procedures and agents in patients with coronary artery disease, 599
Serum proteins, effects of *Nematospiroides dubius* on, 374
Shwartzman phenomenon in the colon of rabbits, 658
Skin grafts and changes in skin and hair pigmentation, 87
Skin and hair pigmentation in skin grafts in mice, 87
Slide culture technique for the identification of *Candida albicans*, 128
Surface area calculations of rats, 12
Surgery, psychological correlates of recovery from, 366

Thermal trauma, effect on homograft survival, 30
Thymidine, tritiated, effect on development and hatching of chick embryos, 279
Thyroid function, experimental study of, 204
Tinea pedis in medical students, 634
Tissue culture: behavior of two cell strains in the same culture flask, 227
Tissue culture: low electrical frequencies on cells, 623
Tissue culture, morphological diversity of HeLa cells, 308
Tissue culture, suppression of adventitious agents, 465
Tissue culture: use of disposable plastics, 686
Toxic effect of poly-L-ornithine in microbial and tissue culture systems, 93
Toxocara canis larvae distribution in normal mice and mice previously infected with *Toxocara*, *Ascaris* or *Trichinella*, 651
Tremor following electrical stimulation of the brainstem tegmentum of the cat, 79
Tritiated thymidine effect on development and hatching of chick embryos, 279
Trypanosoma equiperdum in deer mice, 645

Urea, hypertonic, used to lower intracranial pressure, 176
Urea, effect on oliguria and edema in acute burns, 640

Vascular pattern of the femoral head and neck as a predisposing factor to Legg-Calvé-Perthes disease, 525
Vasopressin and oxytocin extraction by a percolation method, 680
Virus, bat salivary gland: infections in man and monkey, 113

Walker tumor, hydroxyethylation of albumin from rats bearing, 454
Wound healing, effect of irradiation on, 39
